Connecticut Project Update: PTHV in Early Childhood Ed

“We were delighted to bring PTHV training to teachers, program staff and school readiness liaisons from CT’s Preschool Development Grant’s 13 participating communities who are interested in PTHV home visiting as a high-impact family engagement strategy. In addition, the PDG team was excited to be able to support participation of kindergarten teachers in the training, who will be receiving our PDG children when they transition to kindergarten. Betsy Leborious, of CREF, is exploring the possibility of creating a PTHV Hub in CT.”

Deborah K. Watson, Project Manager for Family & Community Engagement, CT Office of Early Childhood

What an amazing month! First of all, I’m thrilled to welcome Gina Martinez-Keddy, who will serve as the next ED! The hiring committee, made up of board and staff with an assist from national consultants, considered many wonderful candidates and put in many hours into the process. I’m 110% confident that Gina is the right leader to carry this incredible work forward. In the next month, Gina and I will be working together for a smooth transition. We have a bunch of new trainings coming up, phase 1 of national evaluation in progress, and are planning the best ever National Gathering for October in Sacramento! With the successful launch of the Hubs, and some new funding partnerships, I’m happy and grateful to say these are the best possible conditions for my transition. I’ll save the sappy stuff, and numerous thanks and kudos, for the 20th Anniversary Gala (save the date Oct 27 in Sacramento).

Warm regards,
Carrie Rose
