Share your COVID Story.

What have been your experiences – especially related to schools – around the pandemic?

What have been some highlights? Some struggles?

What are your hopes and dreams for the future of schools?
Small Group Breakouts

1. What were the common themes shared by the panelists?
2. Thinking about your own experience during the pandemic, what did you gain, lose, and learn?
3. How will we engage families in the upcoming school year based on what we have learned about our collective pandemic experiences?
4. What specific steps can you take – as an individual and as part of a school or district team – to connect with and support families?
What is **ONE** takeaway you have about family engagement in the coming school year?
Recommendations

1. Tend to educator well-being
2. Build educator capacity
3. Create a welcoming, culturally affirming environment
4. Connect personally with each family
5. Listen deeply to families
6. Engage families in planning and decision-making
